

Hello!

My name is Fanny Nyström, I'm 13 years old and go in the seventh grade on a school called Bergskolan.

At home I've got two cats and one rabbit, but one of my biggest dreams is to get a dog. On my spare time I like to play football or just hang out with my friends and shop.

I am the only child so I don't have any siblings but I have six cousins that I'm very close to.

When I grow up I want to be a veterinarian, because I love all kind of animals.

In school we have a lot of different subjects, we have math, Swedish, English, Spanish, Art, P.E and a lot of other subjects.

We go to school 5 days a week, Monday-Friday and every day begins at 8 o'clock am and ends between 2 and 3 o'clock pm.

I don't like school very much but I think that it's really good to go to school because when I get older it's really important to know a lot of things, and in Sweden the food in school is free, and that is very luxurious!

I live in Sweden in a city called Luleå, it's a great city but it's not so good shopping. Luleå is not a big city; you can walk through the center of Luleå and it's just going to take you about 10 minutes, but Luleå County is a lot bigger there is around 75 000 inhabitants here.

Sweden is not a very big country, it lives around 9 million people in Sweden, the winters are very cold and the summers can be really hot some times, so it's a very

shifting climate. In the north of Sweden it's a lot colder during winter than in the south part of Sweden.

Luleå is a really nice to city to live in and it happens fun things most of the time.

Questions for you

Do you have a big family?

How near the centrum do you live and do you live in an apartment? What do you do on your spare time?

Do you participate in any sports?

Do you have any pets at home?

What do you want to be when you grow up?

Hope to hear from you soon Fanny
