
Im a girl named Isabelle and this is my letter to you.

I can start telling you I really want to move to usa when I'm about 20, my sister and cousin live there now and they say is really good there.

I'm 12 years old at the moment, my birthday is in November so I feel like I would be in the 6th grade but no.

My hobbies is definitely dance. I love dance because you can show your feelings and just live.

I also like to film different videos and experiment with makeup and beauty.

For a few days ago had 5 dances a week, but that was to much for me now when I'm in 7th grade and it is a lot more homework and longer days.

So I stopped in 3 of the dances because it was a dance package. So now I only have dance 2 times a week. And that's jazz and street, I think that is my favorite dances.

What else? I have 4 animals, 3 dogs, 1 that is a Pomeranian, stella, she is very old now, she's 14 and not very good, she's sleeping all the time. and I think is the end for her soon And then my dog (tuff) is a chinese naked dog, I don't know what is called on English, but thats direct translation. But he is not naked, his dad is not a naked dog, but his mom is, so it's a powderpuff.

And then we have a puppy (sergej hard to say on English I think) that is seriously 10 times bigger than my dog. He is only like 5 months but he is veryyyyy big!

And then we have a cat (chilli) she is 2 years I think. And she is a maine coone I don't remember how to spell it. But yee.

So I think that's it for this letter,

Or wait, I really want to know what your name is on Instagram if you have it? ☺

And also sorry for my bad English, I can understand if you didn't get everything, but I tried my best. Aaaaand I'm Swedish so...
