

A letter to my new friend in usa

Hello:

My name is Marianne-Sara. I am 13 years old and I am in the seventh grade at Bergskolan. I was born in Zambia Africa in a small town called Luanshya, and I grew up there. But right now I live in Sweden Luleå with my dad.

The Zambian flag

These pictures here are the Victoria Falls, the
Zambian flag and the location of Zambia in
Africa.

In my spare time I love playing basketball and hang out with
friends. I love playing basketball because I think it is
interesting. I play for Brooklyn Eagles.

The name of the school I go to is called Bergskolan that is in
Swedish in English it is “mountain school”. Among all the
schools I have been to I think Bergskolan is the best school.
The teachers are happy and always smiling, and everyone else
is happy. My favorite subjects in school are English and arts
and

crafts I also enjoy math, biology, technology, physics and
chemistry.

Luleå can be very cold in winter and temperatures can drop to
as low as minus 30 degrees Celsius. However, summers can
also be really warm and nice, sometimes it can be too warm as
if Luleå is not in the north of Sweden.

This is Luleå it is a small city. This is in summer.

This is in winter.

Luleå is also famous for the northern lights as can be seen in the picture above.
